

# GNSS Receiver Compatibility

## DISPLAY MODEL INTEROPERABILITY

Trimble has many valued partnerships, and in some cases, Trimble hardware might be sold under different brand names. Although this hardware may look similar, the *firmware* on these devices is customized to each brand. Devices with different brands are not guaranteed to communicate with each other. See the table below for identifying the GNSS receiver that is compatible with your display.

Receiver Family	Display Family				
	GFX Series	XCN Series	Müller Series	CNHi Displays	CLAAS Series
NAV-900	✓	✓	✓	✗	✗
392 Series	✗	✗	✗	✓	✗
SAT900	✗	✗	✗	✗	✓

For complete compatibility details, see the table on the next page.

## GNSS RECEIVER FAMILY

### Trimble Receivers

NAV-900 Series

### CNHi Receivers

392 Series

### CLAAS Receivers

SAT900

## DISPLAY FAMILY

### Trimble Displays

#### XCN Series

GFX Series

### CNHi Displays

### Muller Displays

### CLAAS Displays

Equipment should only be purchased directly either from your trusted Trimble Partner or from your CNH Dealership.

Any purchases through third-party or gray-market providers (for example, Ebay, Auctions, Swap Meets) are at your own risk.
